

Severe Weather History REPORT

Prepared For: 1971 Western Ave, Albany New York, 12203

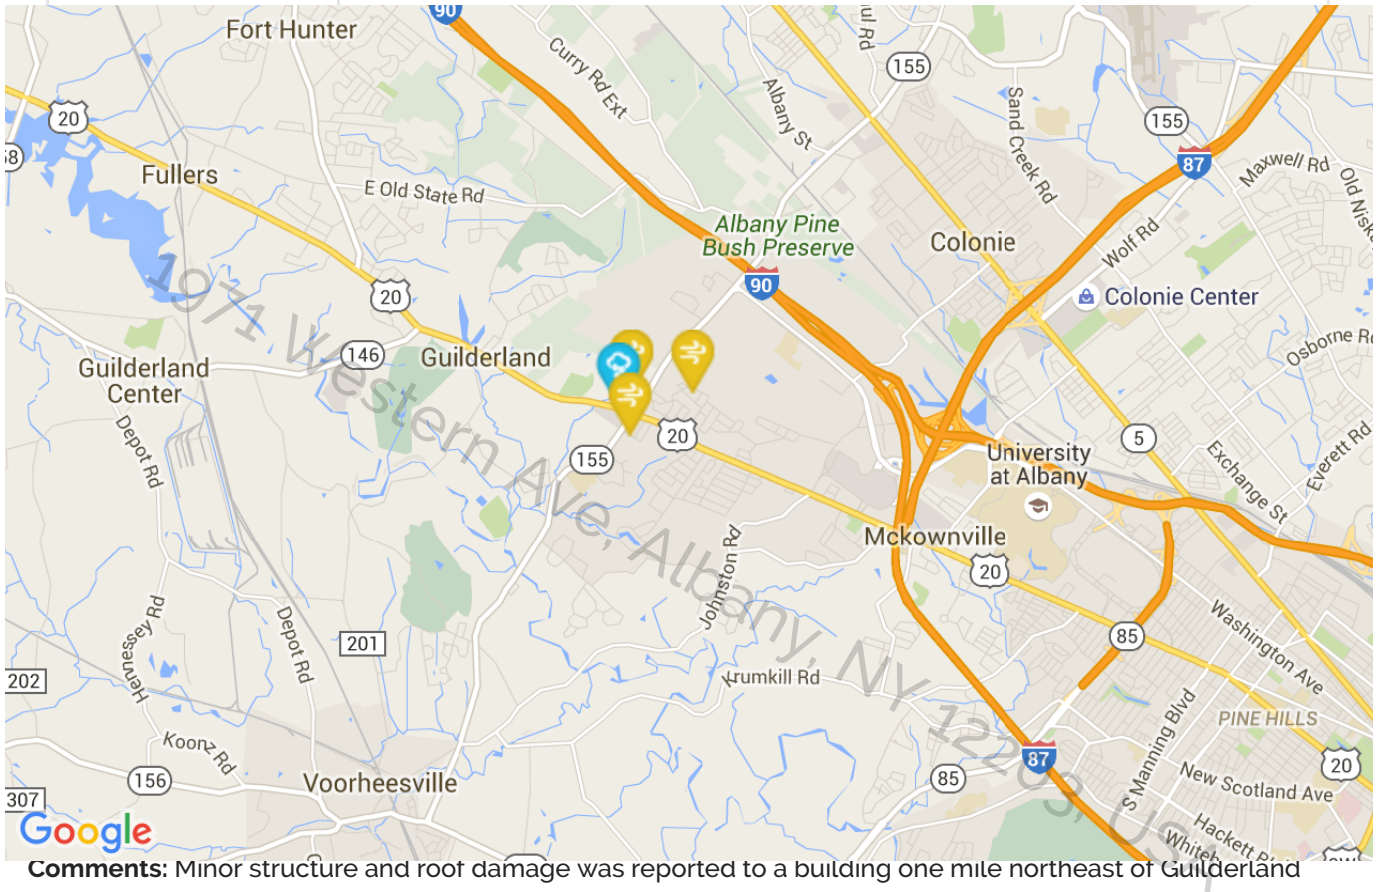

As outlined in the "Terms and Conditions" you accepted, this is a Preliminary report. You acknowledged that the Data you collect for this particular address at a particular time on a particular date is unique and cannot be used for any other address, location claim, incident, loss or dispute. Receipt of this report does not mean that we are retained for this case. Should you desire the Company's services for litigation, depositions or other disputes, we can, upon request, prepare a more in-depth, full forensic report which will include additional analysis, details and methodology that are not included in this preliminary report.

01/01/2010 - 04/02/2016
